

# Voice for Companion Animals Animal Advocacy Group

Voice for Companion Animals (VCA) is a 501(c)3, all volunteer, nonprofit organization located in Grand Island, NE. We have a simple yet profound mission which is to help those pet owners who have found themselves in a difficult financial situation. If resources are available, VCA will assist with food, supplies, veterinary care, and medication. If this arrangement is not in the best interest of the pet owner or animal, VCA will network on behalf of the animal to find an appropriate foster home, permanent home or rescue.

## What we do...

\* VCA has assisted families that had to move into Hope Harbor and the Salvation Army Men's Shelter, by finding foster homes for their pets until the families could get back on their feet again. Once they are able, the families are reunited with their beloved pet.

\* VCA, in coordination with the Grand Generation Center, implemented the AniMeals program, which supplies individuals on GGC's Meals-on-Wheels program with pet food and supplies.

\* VCA has come to the assistance of people who have moved to assisted living facilities/nursing homes by taking care of their animals and eventually finding them homes or a safe rescue.

\* VCA has taken in animals that could no longer be cared for by their owners because the pets were ill or needed medical assistance. We had the animals fully vetted and found them new homes or safe rescues.

With your donation VCA can continue to be the  
Voice for animals!
